The school with a roll of 216 pupils is in a flourishing condition. The present school building should be sold when the proposed new building is ready for occupation and it is estimated

roughly that the old building when sold will realise about 2000 Rs as it is situated in a busy part of the town. I request that Government may be pleased to sanction the construction of a new building for the Sirsa Anglo-Vernacular School in accordance with the standard design for Taluk Schools. The proposed building is roughly estimated to cost Rs 3000/- An estimate has been called for from the D.P.W and on its receipt it will be submitted for the approval of Government
